TWO FACES OF SUMMER

The lazy, soft photo of the harbor on the cover furnishes a contrast to the one below with its brisk, sharp ripple across the face of the harbor and the eager action on the float. Our cover looks like August in the middle age of summer. Below...Summer is new and full of vigor, the air is full of snap and anticipation. How fast it goes - these ages of this warm season and how sweet it is to borrow a phrase from the late "Great One".

the signatures on the petition presented to the Board of Selectmen at the July 28th meeting. (The exact date will be determined after checking with R. William Blasdale, town moderator, who was on vacation.

Selectmen will hold a joint meeting next week with the Mattapoisett members of the Old Rochester Regional District School Committee and the Finance Committee to discuss the Special Town Meeting.

Edward Fernandes, a concerned citizen, met with Selectmen last Tuesday with several specific questions: Date of the special town meeting? Will there be more than the school issues articles on the warrant? Are the Selectmen going to express whether they favor the article and, if not, why not?

Selectmen Chairman John N. DeCosta said there will only be the school issue questions on the warrant. Selectman William F. Hubbard explained, "We plan to place a second article on the warrant on behalf of the ORR School Committee without the required 200 voter signatures. This article, legally prepared by Town

Counsel, will seek to approve a certified budget of the school committee at the 6¼ percent increase."

Selectman Hubbard said, "As it stands now the school committee has to give us a new budget figure. They will be forewarned to come in with a new budget figure and have it certified by the three towns. If the article is worded for the 11 percent budget increase plus the petitioned article asking for $94,591, and if both pass, this could conceivably give the school committee a 17 percent increase."

Mr. Fernandes commented the problem seems to be a big political game - the only ones hurt are the kids. He asked, "What is the big problem?"

Selectman Hubbard said, "I don't have a problem with the school committee; however, I don't like what the administration is doing, and I've informed them of my opinion."

Chairman DeCosta replied to one of Mr. Fernandes' questions saying, "By law the Selectmen cannot express our opinion publicly on an override." The chairman told Mr. Fernandes that all the newspapers had explanations of the past special election article seeking an override and that it was well publicized. "People in town were talking about it before the election. I didn't think there was any mystery in the proposed usage of the funds. It was the only way it could be put on the ballot."

The chairman continued, "As it stands now, the request for $94,591 will be above the 2½ limit and, if approved, will have to go again on

with the departments to cut, but the ORR School Committee made no cuts - they wanted the full amount. "Our local school committee made concessions. We knew we would have to go for overrides, and we feel we treated everyone equally."

In response to Mr. Fernandes' question, "Are you (Selectmen) going to recommend anything for the ORR School Committee to cut?", Chairman DeCosta said "We don't recommend anything to the school committee. We told them we could give 6¼ percent and we felt we did everything we could do. The Finance Committee is the one board that can make recommendations at the special election."

Mr. Fernandes agreed that at school committee meetings some members bring things up, but they are not always listened to.

Also attending during the school discussion were Mrs. Dale Bradshaw, one of the initiators of the pe-

tition, and Girard F. Oliva, ORR instructor. Both asked about the date of the special town meeting. Mrs. Bradshaw commented as a concerned parent and citizen saying, "I can't see over $200,000 cut. Education will be ruined if something isn't done."

Selectman Hubbard noted that all free cash is used, the town will be in real trouble next year. "If they (the school committee) come in for $4.4 million (the 11 percent increase figure), then if the $94,591 is voted, technically it will be a 17 percent increase."

In other business, Selectmen:

ANNOUNCED THE RESIGNATION of Town Accountant Betty Sears. Both Chairman DeCosta and Selectman Hubbard expressed sadness at Betty's leaving as she has been a delight to have in Town Hall and a very efficient worker. (Selectman Frank M. Suzan was absent.) "We are sorry to see her go, but wish her the best of luck in her new endeavor," said the chairman.

In her letter of resignation, Betty said, "It has been a great pleasure to serve the town as the town accountant since April of 1985. After a great deal of consideration, I have decided to make a career change.

"I am very grateful to have had the opportunity to gain the experience of municipal finance, although

there have been some very difficult and trying times.

"In leaving the Town Hall, I will have many fond memories of my fellow employees who will be missed a great deal. I'd like to extend my best wishes to all of my co-workers as I look forward to a less pressured and more relaxing career as the manager of Heavenly Body's exercise salon in Newport, Rhode Island."

Betty said the date of her leaving is uncertain at this time. She stressed that she will be available for the special town meeting and will be available to assist a new person for training. "The opportunity came along and it was what I really want to do," said Betty, in explaining her resignation.

APPOINTED Mitchell M. Suzan, 31 Pearl Street as a part-time police officer. Police Chief James Moran recommended Mr. Suzan, saying he will be an asset to the police department and requested his appointment become effective August 5th.

APPOINTED Peter B. Perkins as temporary gas and plumbing inspector until James Henderson is well enough to continue his duties.

WILL REQUEST that representatives of the Water Commissioners attend a public hearing of the Fairhaven Planning Board on August 11th. The purpose of the hearing is to consider the northern section of New Boston Road, a definitive plan of a subdivision known as Swift Brook Road, and comprising approximately 111 single family lots. From Mattapoisett Treasurer

The office of Treasurer and Tax Collector will be CLOSED TO THE PUBLIC on WEDNESDAYS until further notice. This step has become necessary to assure that the daily work of this office can be completed in a timely and cost effective manner. I would encourage all residents to take advantage of the mails and the outside drop box for the payment of bills or requests for Municipal Lien Certificates. Town payroll checks will be available on Thursdays.

The Second Best Source of Vitamins in the World

Here at GOLDLINE we don't think we can beat Mother Nature. But, because we're a major pharmaceutical company we have a few things going for our vitamins that Mother may not have considered.

We know that the way you live, work and eat uses up your supply of vitamins, minerals and nutrients. Our vitamin formulas work toward replenishing those lost necessities of life at a price that not even Mother Nature can complain about.

Then there's quality. You can bet that you won't find better quality than GOLDLINE anywhere. We guarantee our vitamins have their full potency, so what you read on the label you get in the product. In addition, GOLDLINE vitamins are freshness dated and safety sealed. Can Mother Nature say the same?

We all know that Mother Nature invented vitamins. But for vitamins and supplements that give you consistent quality, availability and price, your second best source is GOLDLINE.

a special demonstration/exhibition at the Mattapoisett Historical Society on Saturday, August 15th, from 10 a.m. to 12 o'clock noon.

This event is held in conjunction with the Museum's August special exhibit of early New England Arts and Crafts.

Lisa Simon is a great, great granddaughter of a Mattapoisett whaling captain. She became captivated by scrimshaw at an early age, approximately 20 years ago. Lisa's own style of colorful borders and floral engravings are reminiscent of traditional whalers' scrimshaw.

Barry Simon is a great grandson of a New Bedford whaler. He is an exceptionally talented scrimshaw artist. His fine detailed lines on whale ivory have won him national recognition including the coveted 1985 Mystic International Award for excellence. He has been applying his talents for 15 years.

Both Lisa and Barry were invited to exhibit at the Mystic Invitational this year at Mystic, Conn.

When I opened my first camera shop, in 1979, I had tested just about every lens available and decided, on the basis of quality and price, that KIRON was the best buy on the market. I have sold them ever since. Now, we have been notified that KIRON will no longer distribute their product in the USA (though they will in Europe, Canada and the East). The five year warranty that is given with ALL KIRON lenses will be honored, but we will have no more when my current stock is exhausted. Please look carefully at the following list. It represents a chance for you to buy a great lens at a true close-out price.

How do You See Town's Future?

by VIRGINIA ARRAL

Members of the Mattapoisett Growth Study Committee agreed last Thursday there's no doubt the town is going to grow - it's inevitable. But, they asked, do you, the residents of Mattapoisett want to see negative growth in town or do you want a say in how the town grows and develops?

The study committee is seeking interested residents to work with the various sub-groups to put "in your two cents worth". The Committee is in hopes of developing recommendations for action at a town meeting for changes in regulations, by-laws and seeking funding programs.

The next meeting will be held on August 20th at 7:30 p.m. at Village Court. A tentative date of September 3rd has been planned for a guest speaker from the Massachusetts Housing Partnership Program at a time and place to be announced. Residents are urged to attend to learn more about affordable housing in Mattapoisett.

Michael Dahill, chairman of the Harbor Study sub-committee, said he tried to recruit several people with interest in the harbor and water-

front to serve with him. He was pleased to have brought Richard Young to work with him.

Mr. Dahill asked what had happened to an earlier Harbor Study Committee six or seven years ago, why they had disbanded and what had they accomplished? Town Clerk Lois Ennis said one of the problems was lack of leadership, too few meetings and suggestions never materializing.

William Matthews of the Planning Board claimed the aims of the Growth Study Committee need to be brought to the public with an effort to educate residents towards one direction at a time when a sub-group is ready. "You might meet resistance if you try to tackle all the sub-group's aims all at once." He believed educating the public was one of the reasons the former harbor committee failed in its purpose.

Lawrence O'Pezio, Planning Board chairman, said the Harbor group did not give enough pre-study information to the public. He suggested perhaps at this time a newsletter be printed to inform the public what the goals are and draw people out. O'Pezio said "We are a leadership

group and not a following group. Selectmen are a reactionary group and not necessarily an initiating body. We need to get out and lead, even if we get negative responses."

Being a new member, Richard Young asked what is being done in the long run. He noted perhaps a negative approach should be taken. If people are asked do you want your harbor full of boats not belonging to Mattapoisett residents or do you want Route 6 looking like a honky tonk, this might bring more interest from the public, he said.

Chairman Peter Kortright explained the group is taking several areas such as Open Land and Conservation; Schools, Housing, Commercial development; Harbor and Waterfront; Town Services, water and sewer; Historical District; Community Services and studying the potential growth of the town and hopefully, look at the regulations, by-laws and other change factors. He noted the town has available 40 hours of assistance from

Manuel C. Rosenfield, Schools subcommittee chairman, said most people are against change; but the town will grow whether we want it to or not. "Are we going to control it (growth) or is it (growth) going to control us?"

Mr. Matthews distributed copies of the 1965 town Master Plan so members could obtain past information and gain an insight into what was projected in 1965 for 20 years later. Mr. Matthews commented that after all that work by a lot of people not much was paid attention to. Matthews served on that 1965 planning committee. The town had a population of 3,000, half the size of it now (about 6,000 population). "There is no doubt the public has to be better informed on our goals, our progress, so hopefully, more residents will become involved before changes are recommended", said Matthews.

We especially would like to thank the Police and Fire Departments, Selectmen, Rescue Squad, year-round residents, vacationers, all those who participated, and especially the neighbors to Shipyard Park.

We had more craft booths than ever before, and had many more visitors than any other year. It is great to see so much enthusiasm by the community for such an event. We are grateful for all the help and hope to continue this traditional event next year.

by Mrs. Lolita B. Eubanks, the house is for sale and was empty at the time of the fire. Mrs. Eubanks lives at 12 Shady Oak Drive.

Chief Wood said three engines and 23 firefighters responded to the fire. Firefighters Gary Gaspar and Scott Jepson were taken to St. Luke's Hospital because of smoke inhalation, given tests to gauge the amount of blood gases in their system, and then were released.

The Chief said the fire started in the back storage room and spread across the kitchen ceiling where holes had to be made into the second floor to prevent the fire from spreading. No estimate of damage is available at this time; however, Chief Wood said the insurance company is checking the damage and the cause of the fire is under investigation by the fire department.

Chief Wood said this was the second fire that day (August 6) with firefighters battling a 3½ hour brush fire from 4 to 7 p.m. off North Street. The firefighters had about three hours in between the brush fire and being called up again for the Main Street house fire.

P.A.I.N.T. ORR

FIRST WEEKEND A SUCCESS

The weekend of July 31, August 1st and 2nd was a great success for the P.A.I.N.T. ORR project. Technically, the weekend was to be a prep weekend to prepare all the surfaces for painting. However, due to the large turnout, the project is ahead of schedule. Over 217 people found time in their busy summer weekend to give to the school. The volunteers finished all of A wing, prepped and washed the gymnasium, completed 50% of B wing, and 50% of the foyer and hallway.

Town officials from all three towns participated. Pat Ryan, Marilyn Whalley and Bev Pusateri of Rochester, Jack DeCosta and M. C. Rosenfield of Mattapoisett, and Karen Jacobsen, Dick Lagreze, Joe Napoli and Ted Pratt of Marion are all town representatives who were part of the prep weekend effort.

In addition, Joan Walsh, school superintendent, and Donald Murphy, principal, worked over the weekend as well. The custodial staff donated their own time from 8:00 a.m. to 8:00 p.m. on Saturday and Sunday as well as Friday from 2:30 to 8:00 p.m. Many of the high school teachers worked as well.

The weekend of August 7, 8, and 9 will be the final paint weekend when volunteers will paint the bathrooms, paint the trim in the gymnasium after the professionals have finished their volunteer painting, and the remainder of the B wing and foyer and hallway. It is the hope of the committee that the second painting weekend will bring forth another large turnout from all three towns including the remaining town officials. The broad support has been very encouraging to the school and the students.

The fund-raising campaign is at the $6,700 mark and needs to attain its goal of $10,000 in order to have the lockers electrostatically painted in time for school's opening as well as covering the cost of other materials needed in the two painting weekends. If you wish to make a much needed donation to the Buy-A-Locker program please make your check payable to P.A.I.N.T. ORR and mail it to P.O. Box 635, Mattapoisett, MA. 02739.

The final fund-raising project will be "Paint Lincoln Park Red Day" on August 22nd at 1:00 p.m. when children of all ages can boost the Buy-A-Locker campaign toward its final goal by purchasing a ticket for $7.00. A percentage of the ticket price will go to P.A.I.N.T. ORR ($5.00 for children 5 and under).

Hurricane, 1635

Historical article compiled by Virginia Arral and derived from excerpts from "Governor William Bradford's History of Plimoth Plantation", from the original manuscript and reprinted by order of the Commonwealth by Wright and Potter Printing Company, Boston in 1899.

HURRICANE HITS PLIMOTH IN 1635

In the days before hurricanes were given names, a devastating storm hit the Plimoth Plantation in 1635. Without altering any of the meaning of the report, this writer has taken the liberty to adapt the olde English spelling into modern terminology.

"On August 14 or 15 (Saturday) in the year 1635, there was a mighty storm of wind rain, as none living in these parts, either English or Indians, ever saw. Being like (for the time it continued) to those Hurricanes and Typhoons that writers make mention of in the Indies. It began in the morning, a little before day, and grew not by degrees, but came with violence in the beginning, to the great amazement of many. It blew down sundry (211) houses and uncovered others; diverse vessels were lost at sea, and many more in extreme danger. It caused the sea to swell (to the southward of this place) above 20 foot right

up and down, and made many of the Indians to climb into trees for their safety; it took off the boarded roof of a house which belonged to the Plantation of Manamet, and floated it to another place, the posts still standing in the ground; and if it had continued long without the shifting of the wind, it is like it would have drowned some parts of the country. It blew down many hundred thousands of trees, turning up the stronger by the roots, and breaking the higher pine trees off in the middle, and the tall young oaks and walnut trees of good bigness were wound like a wraith, very strong and fearful to behold. It began in the southeast, and parted toward the south and east, and veered sundry ways; but the greatest force of it here was from the former quarters. It continued not (in the extremity) above five or six hours, but the volume began to abate. The signs and marks of it will remain this 100 years in these parts where it was sorest. The moon suffered a great eclipse the second night after it."

The after effects of this particular no-name hurricane in 1635 have long since been repaired, and the 100 years of remembering of which William Bradford spoke, has long since passed. The residents of what was once Plimoth Plantation have experienced many more hurricanes since 1635. We now give our hurricanes names, both male and female, and residents are warned of their approach.

The month of August seems to have started off with a "bang" 15 years after the Pilgrims landed. They were not prepared for this violence, nor were we in 1938. One wonders if the Indians had experienced any

of these hurricanes before the Pilgrims came, for if they had, their way of protecting themselves seemed to be unwise considering the number of trees that blew down, presumably with the Indians in them. We are now better prepared for these violent storms that hit with much more frequency on the New England coastline.

QUESTION:

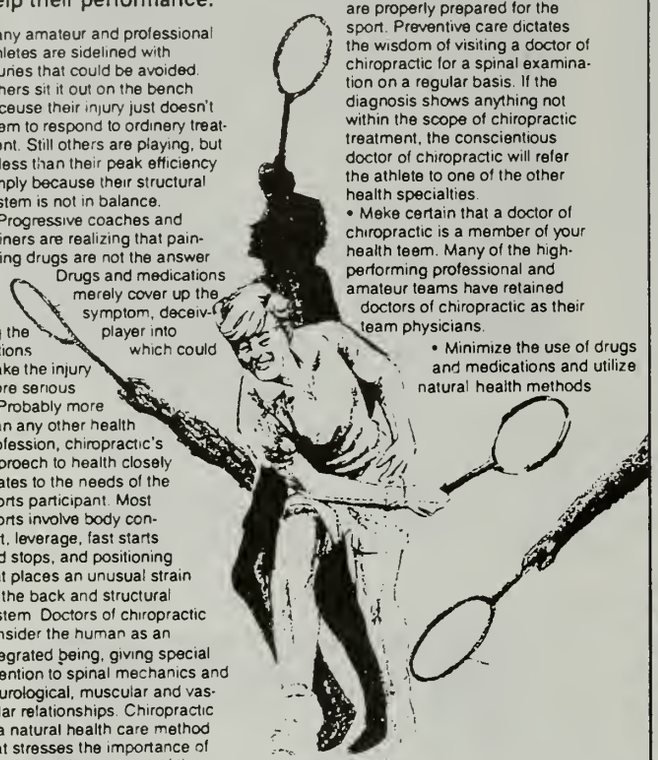
WHY SHOULD ATHLETES HAVE CHIROPRACTIC SPINAL MANIPULATION?

ANSWER: Because it can help their performance.

Many amateur and professional athletes are sidelined with injuries that could be avoided. Others sit it out on the bench because their injury just doesn't seem to respond to ordinary treatment. Still others are playing, but at less than their peak efficiency simply because their structural system is not in balance.

Progressive coaches and trainers are realizing that pain-killing drugs are not the answer. Drugs and medications merely cover up the symptom, deceiving the player into actions which could make the injury more serious.

Probably more than any other health profession, chiropractic's approach to health closely relates to the needs of the sports participant. Most sports involve body contact, leverage, fast starts and stops, and positioning that places an unusual strain on the back and structural system. Doctors of chiropractic consider the human as an integrated being, giving special attention to spinal mechanics and neurological, muscular and vascular relationships. Chiropractic is a natural health care method that stresses the importance of keeping all the systems of the body functioning efficiently, so the player enjoys peak performance, a minimum injury risk and fast recuperative powers.



Here's what you can do:

- Make certain that your athletes are properly prepared for the sport. Preventive care dictates the wisdom of visiting a doctor of chiropractic for a spinal examination on a regular basis. If the diagnosis shows anything not within the scope of chiropractic treatment, the conscientious doctor of chiropractic will refer the athlete to one of the other health specialties.
- Make certain that a doctor of chiropractic is a member of your health team. Many of the high-performing professional and amateur teams have retained doctors of chiropractic as their team physicians.
- Minimize the use of drugs and medications and utilize natural health methods

assistant, Captain Myles Standish. Matters of trade between the two colonies will be discussed, and plans will be made for a future meeting with dignitaries of the Dutch settlement.

The English colonists will make every effort to impress the Dutch contingent with the strength and stability of the young Plantation, entertaining the visitors with traditional English hospitalty. The Plantation's housewives will prepare a feast of English dishes to satisfy the hearty appetites of their Dutch guests, renowned for their love of good eating.

Visitors are encouraged to join in this historic re-enactment, questioning the English and Dutch statesmen on their views and exploring the world of politics and diplomacy in early 17th century New England.

ST. JUDE'S NOVENA
May the Sacred Heart of Jesus be adored, glorified, loved and preserved throughout the world now and forever. Sacred heart of Jesus, pray for us. St. Jude, worker of miracles, pray for us. St. Jude, help of the hopeless, pray for us.
Say this prayer 9 times a day. By the 8th day your prayer will be answered. Say it for 9 days. It has never been known to fail. Publication must be promised. Thank you St. Jude.

Toothpick Holder Convention

NATIONAL CONVENTION IN NEW BEDFORD

Hundreds of toothpick holders, relics of a day when it was perfectly proper to pick one's teeth in public, will be on display from 11:00 a.m. to 3:00 p.m. on Sunday, August 16th, at the Whaler Inn in New Bedford. The holders will come from collections of members attending the National Toothpick Holders' Collectors' Society. The display will be open to the public and there will be no admission charge.

Toothpick holders, primarily from the Victorian Era, have become very popular collectibles in recent years and the Collectors' Society has over 500 members representing most of the states in the country. The holders were made of art glass, pressed and cut glass, silver plated metal, porcelain and other materials. Many of the most outstanding examples were made in the New Bedford area by Mt. Washington Glass Company, Pairpoint Manufacturing Company and the Smith Brothers. At least one of the displays will consist solely of

New Bedford produced examples, primarily Art Glass such as Burmese, Auberstine, Royal Flemish, Satin and Milk Glass.

The Toothpick Holder Show is the final event in the convention to be held at the Whaler Inn August 13 through 16. The program includes tours of the New Bedford Glass and Whaling Museums, the Sandwich Glass Museum, and seminars and clinics conducted by Janie Chester Young, Director of The New Bedford Glass Museum; Dorothy Hogan, Curator of Glass at the Sandwich Glass Museum; and William Heacock, noted author on Victorian Glass.

Persons who might have an interest in joining the Society may do so at the Convention or they may contact Joyce Ender, P.O. Box 246, Sawyer, MI. 49125.

The Folkloric Group concentrates on performing traditional dances of the island of Madeira, some of which date back 500 years and reflect a good deal about the people and culture of the island. The group has approximately 30 members including musicians and dancers, and has performed throughout New England, New York, New Jersey and parts of Canada.

The Rotch-Jones-Duff House & Garden Museum is a private, non-profit organization, supported in large part through private memberships. The Greek Revival-style mansion was built in 1834 and the Victorian-style garden design dates from the 1850s. Please call the Museum at 997-1401 for further details concerning events, tours, or membership. A special Edwardian and Victorian clothing exhibit will be featured in August during regular tour hours: Tuesday - Friday, 10-4; Sunday, 1-4 for the regular admission of $2.

Zeiterion

"WEST SIDE STORY" CONCLUDES SIZZLIN' SUMMER OF AMERICAN BROADWAY MUSICALS

"WEST SIDE STORY", one of the truly epoch-making musical classics of the American stage, will be the final show of the Zeiterion's "Sizzlin' Summer of American Broadway Musicals". The musical is an up-tempo, intense statement of life on the streets of Manhattan with a provocative and artful blend of music, dance and plot. Performances are scheduled for Thursday, Friday and Saturday, August 20-22 at 8:00 p.m., with a 2:00 p.m. matinee on Friday. Tickets are priced at $20.00, $17.50 and $15.00 with a $2.00 discount for senior citizens and students. For tickets and/or information call the Zeiterion Box Office at 994-2900. Tickets are also available at all Ticketmaster locations or by calling their toll-free number, 1-800-682-8080.

With a libretto by Arthur Laurents that tells of love and warfare between youthful Puerto Rican and American gangs on the streets of New York, "West Side Story" boasts a musical score by Leonard Bernstein and lyrics by Stephen Sondheim. The musical was originally conceived by the noted director-choreographer Jerome Robbins, and Clay James, the Zeiterion's choreographer, will recreate these original dance scenes for the August performance.

Karen Jolicoeur (Maria) and Neil Donohoe (Tony) are the star-crossed modern "Romeo and Juliet" who have fallen in love amid the dreary New York slums where hostility reigns not between princely Montagues and Capulets but between "white" and Puerto Rican youths. In this modern version of the tale, a tenement fire escape takes the place of Juliet's balcony,

switch-blade knives replace epees as dueling weapons and the rival factions are "cool" young gang members instead of gentlemen of Verona.

Other cast members who play leading roles in "West Side Story" are Clement Blais (Gladhand), Steven Correia (Bernardo), Christine DeVito (Anita), Sally Forrest (Anybodys), John McGinn (Riff), Barry Slowick (Schrank), and Al Theodore (Doc).

"West Side Story" is co-directed by Armand R. Marchand and George T. Charbonneau, with musical sequences staged and choreographed by Clay James. Don Vasconcelles is the Musical Director.

The Zeiterion Theatre is located at 684 Purchase Street in historic downtown New Bedford.

nology Centers (ASTC) in Washington, D.C. announced that 13 science centers have been awarded a total of $100,000 through the Science Teacher Education at Museums (STEAM) programs, funded by the General Electric Foundation.

"Some of the brightest talent in science education can be found at science museums," according to Paul Ostergard, President of the Foundation. "These are places where science teachers brush up on projects and teaching skills, and where kids get hands-on chances to discover what excites them about science."

Since 1985, 43 institutions have received STEAM grants. The Lloyd Center was one of five institutions this year which received previous grants.

ROCKY SHORE TOPIC OF WEEKLY WALK

Lloyd Center Executive Director Dr. Alan Lee Hankin will lead a weekly walk titled "Exploring the Rocky Shore" on Sunday, August 23rd, at 1:30 p.m.

The rocky shoreline is home to a variety of organisms which inhabit a unique and fascinating ecosystem. Dr. Hankin will identify the animals and discuss the delicate balance which exists between a preserved shoreline and human impacts.

According to Dr. Hankin, "There are many mysteries in the shore-
